13TH YEAR. NO. 226.

EAST LIVERPOOL, O., FRIDAY, MARCH 4, 1898.

TWO CENTS

CRISIS NEAR AT HAND

Administration's Repudiation of Long's View Show It.

SPAIN WILL BE RESPONSIBLE

For the Destruction of the Maine, if It Is Proven That the Explosion Was Not from Within—Japan May Be Our Ally. Likely to Demand Indemnity of Spain.

WASHINGTON, March 4.—Secretary Alger's effort to make clear just what Secretary Long did or did not mean by his interview, in which, a personal opinion, he seemed to relieve Spain from responsibility for the Maine tragedy, has had the effect of increasing the belief in congress that the popular impression of the gravity of the situation is fully warranted. It has become clear to senators and members that the administration feels it cannot afford to let the impression go out that it no longer thinks the Spanish government is in no way culpable for the disaster.

It realizes that nothing short of absolute demonstration that the Maine was destroyed by an internal explosion would warrant it in taking this position. If the ship was blown up as the result of a plot nothing will now convince the American people that Spaniards were not the plotters. If, as our Havana dispatches, published yesterday, again declared, a mine was used to destroy the Maine, then the presumption is exceedingly strong that Spanish officers of high or low degree had guilty knowledge of the affair.

It is suggested that the efforts of Secretary Alger to correct the impression made by Secretary Long's statement of Tuesday were due to the arrival from Havana of information similar to that contained in our press dispatches.

The whole effect of the incident on congressmen who are watching the situation carefully is to make stronger than ever their belief that, despite its peaceful talk, the administration feels that it is face to face with a crisis, which can hardly have any other outcome than war.

Japan will get a share of any indemnity that may be paid by Spain if responsibility for the Maine disaster is charged upon and accepted by her, for seven of the Japanese servants on the Maine were killed and their relatives would share in the division of any money paid on account of the death of the members of the crew. Japan would not demand an indemnity separately, it is believed, because, although they were Japanese subjects, they were serving our government and our government would make the claim for their account as for its own citizens.

But this phase of the incident may have the effect of bringing Japan into relation with the United States, which would be a mutual advantage in case of war between the United States and Spain. Japan looks longingly to the Philippine Islands, and in case of hostilities between the United States and Spain, might gratify its desire by aiding our Asiatic squadron to subdue the Spanish authority on those islands.

The Japanese minister was at the state department to inquire about the Japanese who were killed in the Maine disaster, and he was furnished with the list which the state department subsequently gave out. It was reported that he intimated to Judge Day that in the event of trouble between the United States and Spain his government would sympathize with that of the United States, and would support it in any effort it might have to make to exact an indemnity from Spain, if the report of the court of inquiry showed that Spain could be charged with responsibility.

Similar inquiries to that made by the Japanese legation came to the navy department from the German and Swedish legations and it is expected that others will follow. Nearly every nationality was represented in the Maine's big crew.

AID FOR THE CUBANS.

Arrangements For Warships' Trip—Relief Measures Successful.

WASHINGTON, March 4.—Arrangements are being made for the trip of the cruiser Montgomery and gunboat Nashville to Cuban ports with relief supplies. The navy department was advised that the Mallory line steamer, leaving New York next Saturday would carry, free of charge, 75 tons of supplies, to be transferred to the Montgomery and Nashville at Key West. The Mallory steamer is expected to take about four days in the run down the coast, so that the transfer to the warships and their start to Cuba cannot be made before next Thursday.

The relief measures are proving unexpectedly successful, the supplies running into the carloads and hundreds of tons.

The state department has had notice

from the Cuban relief committee at New York that there were shipped on March 1, from New York to Santiago, 100,000 pounds of relief supplies; on the 2d to Havana 75,000 pounds; on the 3d to Matanzas 100,000 pounds and to Sagua la Grande 100,000 pounds. In these shipments are 500,000 grains of quinine consigned to each of the posts except Havana.

Chairman Barton of the Central Cuban relief committee has advised the state department that "donations are coming forward in great abundance, not only in money, but more particularly in the form of provisions, from all directions. The Oregon committee promises ten carloads and possibly 20, and Omaha, Minneapolis and other western committees are offering shipments by the carload. We had yesterday upon the pier of the Manson line nearly 100 tons ready for their steamer, sailing today, which they had kindly offered to take to Matanzas and Sagua."

The Maine relief fund under Mrs. Long's management reached a total of \$3,113.

DIVERS WORK VIGOROUSLY.

Either Proctor or Parker Gave \$1,500 to Help the Reconcentrados.

HAVANA, March 4.—The divers vigorously have resumed work. The Merritt was anchored on the starboard side aft of the Maine, with a big barge opposite her on the port side. The Right Arm directly astern of the wreck.

The Spanish divers did not go down during the early part of the day.

One body was recovered. It was that of a white man about 30 years of age. It was not identified.

Senator Proctor passed the day writing letters.

The welcome to be extended to the officers of the Vizcaya and of the Almirante Oquendo, when the latter arrives here, will consist of a grand ball at the Casino, which promises to be a brilliant affair.

The correspondent of La Discusion at Matanzas says "Senator Parker" (possibly Senator Proctor or Colonel Parker, his traveling companion), gave a check for \$1,500 to the fund for the relief of the sufferers of Matanzas and its vicinity.

WORSE THAN ARMENIA.

A Red Cross Man Says Suffering in Cuba Is Terrible.

NEW YORK, March 4.—W. W. Howard of this city has returned from Cuba on the steamship Vigilance. "I was in Armenia with Clara Barton," said Mr. Howard, "but nowhere in Armenia did I see such suffering and famine as I have witnessed in Cuba among the pacificos and reconcentrados. Men, women and children are so emaciated from privation that their ribs and bones almost come through their shriveled skins. If ever people needed relief it is those wretched reconcentrados."

"The insurgents are well-dressed, well-armed, well-horsed and well-groomed—indeed, they are sleek and live easy lives. Cuba has been laid waste."

Mr. Howard said that he was on the wharf at Havana when the Maine blew up. He heard two explosions, a dull one followed by a louder one, which shook the ground and nearly stunned him.

J. J. Murphy, another passenger on the Vigilance, said: "I am positive that there were two explosions. The first one was somewhat muffled, but the second was stunning in its loudness."

THE OLD WAR MONITORS.

They Are to Be Overhauled For Use in an Emergency.

WASHINGTON, March 4.—In the course of the inquiry into the naval resources of the United States an order has been issued to make a test of the machinery of the old war monitors at the League Island navyyard. These are single-turreted craft that are armed with big smooth bore guns in turrets that could likely be pierced by the modern high-powered rifles on the battleships, but they would still be of service in an emergency. There are eight of these monitors at League Island and the government owns several others that are now loaned to the naval militia organizations of some of the states. Those at League Island are the following:

Canonicus, Mahopac, Manhattan, Catskill, Jason, Lehigh, Montauk and Nahant. They are all between 1,800 and 2,200 tons displacement and draw very little water, so that they can take up advantageous positions on shoals commanding channel approaches. The intention is to turn over the old engines and work the machinery that is made to work at all.

A MAINE VICTIM BURIED.

Others That Were Wounded Brought From Havana to Key West.

WASHINGTON, March 4.—The only telegram relative to the Maine disaster that came to the navy department was the following from Commander Forsyth at Key West:

"Bache arrived. Brought one body unidentified, and Paul Leofutis, private mariner; Jeremiah Shea, coalpasser; John Heffner, ordinary seaman; Thomas J. Waters, ordinary seaman, wounded by the explosion. The wounded will be sent to Tortugas. The funeral of the body has started for the cemetery."

NOT CUBA, BUT HONOR.

High-Sounding Rot Indulged In by Madrid Papers.

SPAIN WILL FIGHT FOR IT.

One Organ Suggests That Woodford Should Have Been Given His Passports, Owing to the De Lome Affair—Say We Want War.

MADRID, March 4.—Fierce indignation characterizes the Spanish papers that are not supporters of the government at its alleged weakness in replying in gentle terms to the American demand for explanations about the Dupuy De Lome letter.

The Imparcial says: "It is the height of weakness to suppose we are going to disarm the Yankees by means of patience. From them we shall gain nothing by it and on the other hand we shall lose the esteem for the dignity and bravery of Spain, obtained from the other nations. Paraphrasing the never-to-be-forgotten Spartan words of Mendez Nunez at Callan, 'suffer it to say Spain loves honor more without Cuba than Cuba without honor.' We have sacrificed our youth, we have sacrificed our millions. Must we also sacrifice our national honor? Not the great Antilla, not a hundred Antilles would be worth so great a sacrifice."

The Imparcial article then proceeds to argue that all Spain's concessions will be useless if the United States really seeks to break off friendly relations, adding:

"If a pretext is sought, it will be found, for instance a hostile demonstration against the Spanish warships visiting American ports, or a demand for a pension for the widow of the Dentist Ruiz."

The Correo Espanol, after recapitulating all the injuries it alleges that Spain has suffered at the hands of the United States, says that in replying to the De Lome demand, Minister Woodford should have been given his passports, as nothing would satisfy the Americans except war and war will come.

The Pais is not so moderate, for it declares that war is already raging (esta ya declarada), saying:

"The North Americans have not their soldiers, their ships, in Cuba, but among the insurgents they have what is better, they have their money turned into ammunition, guns, cannon and dynamite."

MERRITT GOING TO KEY WEST.

He Refuses to Discuss the Matter or Presence of the Fleet.

NEW YORK, March 4.—General Wesley Merritt has returned from his tour of inspection of the southern fortifications in the department of the east. Probably within a week, he will start for Key West. He said the troops were in good shape.

When asked as to whether it was the intention of the war department to make Atlanta the seat of operations in case of hostilities being declared, General Merritt said he preferred to remain silent for the present. Under no circumstances, he explained, would he go into the details of his proposed visit to Key West, nor would he discuss the significance of the fleet there at this particular time.

Both Torpedoboats Fast.

BRISTOL, R. I., March 4.—The two new government torpedoboats the Gwyn and Talbot, just completed by the Herreshoffs, have been given their official speed trial in Narragansett bay, under favorable conditions, and both exceeded their contract speed, the former making an average of 20.9 knots per hour and the latter 21.1.

Court of Inquiry Idle.

KEY WEST, March 4.—Judge Advocate Marix was the only officer of the court of inquiry on shore yesterday. Captain Sampson remained on board the Iowa and Captain Chadwick and Lieutenant Commander Potter on the New York. Even the stenographers took a holiday.

Spaniards Much Exercised.

MADRID, March 4.—Spaniards are much exercised over the report that an American fleet will menace the Philippine islands, in case of war, and will retaliate by attacking New York.

To Make Projectiles.

READING, Pa., March 4.—Beginning next Monday the Carpenter Steel works will go on double turn working on projectiles for the government.

THE ST. LOUIS PLATFORM.

Congressional Campaign Will Be Fought on It—New Committeemen.

WASHINGTON, March 4.—The executive committee of the Republican congressional committee has been announced as follows:

Representatives J. A. T. Hull of Iowa, J. G. Cannon of Illinois, D. H. Mercer of Nebraska, Senators Redfield Proctor of Vermont, J. H. Gallinger of New Hampshire, John L. Wilson of Wash-

ington, representatives J. I. McCleary of Minnesota, H. C. Levenslager of New Jersey and Richmond Pearson of North Carolina. In addition to the executive committee it was also announced that Representative McCleary of Minnesota will have charge of the literary department of the congressional committee.

This is an important post, as a large amount of Republican literature will be put out this campaign and circulated throughout the country. Chairman Babcock of the congressional committee said: "The coming campaign will be fought out on the lines of the platform adopted at St. Louis. That will be our only guide, save as new issues are created, as contingencies arise and new policies made in congress. No committee has a right to make a platform for the party and so will be governed by that adopted in 1896."

MAYOR GOOD OUSTED.

Found Guilty of Violating the Garfield Election Law.

SPRINGFIELD, O., March 4.—The circuit court has issued a decree ousting Mayor John M. Good from office. The proceedings were brought under the Garfield election law, which requires candidates after the election to file sworn statements of all their expenditures.

Judge Adams said the testimony showed that Mayor Good spent \$283.50 in the campaign which he failed to include in his sworn statement of expenses, and which included only \$45. Of the above amount \$91 was spent for beer. Mayor Good also promised the trades and labor assembly to appoint a union man on the board of public affairs, which is against the law, and that organization backed the ouster proceedings. Mayor Good is one of the most prominent business men in Springfield. This was his first experience in politics and a test of the law was made on him. The sworn statements of most of the candidates have been disputed, but not carried to the courts. Mayor Good was formerly a Prohibitionist, but was elected as the Democratic candidate.

END CAME SUDDENLY.

Presence of a Living Husband Settles a Breach of Promise Case.

CLEVELAND, March 4.—Before Judge Disette in the common pleas court the case of Mrs. Margaret I. Johnson against William Hendy for \$20,000 damages for breach of promise of marriage was called. In 1874 Mrs. Johnson married Jacob Cusler at St. Catharines, Ont. He deserted her the day after the wedding, and later she heard he was dead. She came to this city and married Johnson, living with him 19 years. Then she obtained a divorce. Subsequently she says William Hendy asked her to marry him.

As the attorneys were taking their places Jacob Cusler, now a resident of Pittsburgh, walked into the room. The case was at once dismissed.

Loud Bill Knocked Out.

WASHINGTON, March 4.—The Loud bill, to correct alleged abuses of the second class mail matter privilege, which last year passed the house by a majority of 144 to 104, was buried under an overwhelming majority by the house. The vote was not taken directly on the bill, but on a motion to lay it on the table. By a vote of 162 to 119 the motion was carried. Forty-seven Republicans joined with the Democrats and Populists in accomplishing this result and ten Democrats voted with the majority of the Republicans.

Ridiculed by Senator Vest.

WASHINGTON, March 4.—During almost the entire session the senate had under consideration the Alaskan homestead and railway right-of-way bill. One of the features of the discussion was a speech delivered by Mr. Vest (Mo.), in which he ridiculed the idea of homesteading any part of Alaska or constructing railroads in that district. His motion to eliminate the homestead feature of the bill by striking out the first section was defeated.

For New Cabinet Department.

WASHINGTON, March 4.—The senate committee on commerce listened to arguments on behalf the National Business League and the National Board of Trade in the interest of the establishment of a new department of the government to be called the department of commerce and industries and to be presided over by a cabinet officer.

Relief For Mob Victim's Family.

WASHINGTON, March 4.—Senator Mason has introduced a resolution for the relief of the widow of the colored postmaster recently killed by a mob at Lake City, S. C. It is the same as that introduced in the house of representatives by Mr. White of North Carolina, except that the amount is made \$10,000.

PURCHASED GOLD WITH DEATH.

Two Men Frozen to Death Returning From the Klondike.

VICTORIA, B. C., March 4.—It is said by the steamer Islander, from Alaska, that several days ago two Canadian mounted police marched into Skagway with two sleds in tow, over which were strapped two dead men, found frozen to death on the trail.

It is said they were returning Klondikers and they are reported to have had in their possession \$160,000 in paper and gold dust, one \$80,000 and the other \$80,000. Their names are not known.

SUPPLEE CAUGHT HIM

But Not Until He Had Chased the Doctor

NINE MILES IN THE DARK

The Accused Was Wanted For Practicing Medicine Without a License on a Charge Preferred by Prosecutor Brookes, and Endeavored to Get Away.

LISBON, March 4.—[Special.]—Complaint was made in probate court by Prosecutor Brookes that W. H. Long had been practicing medicine in Columbiana without the license required by law. A warrant was issued for his arrest, and Deputy Supplee went to Columbiana last night for the purpose of serving it. Long learned of the matter, and eluding the office secured a horse and buggy and hastily left town. The doughty deputy did not discover it for 30 minutes, but when he did he lost no time in following Long. Although the doctor had the advantage of darkness and pushed his steed to its utmost speed, Supplee succeeded in capturing him after a chase of nine miles.

He was brought to Lisbon, and pleading guilty to the charge was fined \$30 and costs.

In the Courts.

LISBON, March 4.—[Special.]—Dorah Butler's application for a divorce from W. T. Butler was heard yesterday afternoon. They were married at Newport, Pa., in 1892. Gross neglect, unfaithfulness and cruelty were the grounds presented, and Judge Smith granted the divorce. Mrs. Butler will look after the children. They are Liverpool parties.

Robert Louthan, of Hanoverton, is being heard today, having been indicted for assault and battery. About 60 witnesses are present. The case will occupy all of today.

Samuel McCurdy plead guilty to the charge of assault and battery and got \$10 and costs.

In the case of John R. Martin, treasurer, against Nancy Bright, demurer to the amended petition, was sustained, and leave given to file an amended petition.

Refused an Injunction.

LISBON, March 4.—[Special.]—The case of Treasurer Cameron against J. W. Riley took another turn today. An application for an injunction to prevent the treasurer from collecting additional taxes by a suit at law was argued before Judge Taylor. It was not allowed.

FELL IN THE RIVER.

Smith Had a Narrow Escape From Drowning.

Last evening when the Urania pulled in a number of people went aboard to view the boat.

A young man named Smith, of West End, remained on board until after the gang plank was removed and attempted to jump to the wharfboat. He fell short a few feet and went into the river under the guard of the wharfboat. He was fished out by two young men named Bradley and Harley, none the worse for his ducking, but very badly frightened.

Some Sporting News.

The Twin City Football team failed to meet last evening, and it is probable no further attempts will be made to get them together until next fall.

Manager LeMar, of the Cuban X Giants has written asking for open dates with the local team between May 8 and 22.

Timothy Twaddle this morning received a letter from Youngstown asking for his terms. He is already under contract to Auburn.

Miss Patterson Is Dead.

Word was received in the city today announcing the death of Miss Eva Patterson, at her home near Lisbon. The young lady was employed in this city for several months, and was a member of the choir of the First Presbyterian church. She made many friends while here who will be pained to learn of her early demise.

Married.

William M. Lafferre and Miss Myrtle R. Barnett were married this morning by Squire Rose. The parties are well known in the city, and have many friends who will wish them much happiness.

Judge Adams said the testimony showed that Mayor Good spent \$283.50 in the campaign which he failed to include in his sworn statement of expenses, and which included only \$45. Of the above amount \$91 was spent for beer. Mayor Good also promised the trades and labor assembly to appoint a union man on the board of public affairs, which is against the law, and that organization backed the ouster proceedings. Mayor Good is one of the most prominent business men in Springfield. This was his first experience in politics and a test of the law was made on him. The sworn statements of most of the candidates have been disputed, but not carried to the courts. Mayor Good was formerly a Prohibitionist, but was elected as the Democratic candidate.

END CAME SUDDENLY.

Presence of a Living Husband Settles a Breach of Promise Case.

CLEVELAND, March 4.—Before Judge Disette in the common pleas court the case of Mrs. Margaret I. Johnson against William Hendy for \$20,000 damages for breach of promise of marriage was called. In 1874 Mrs. Johnson married Jacob Cusler at St. Catharines, Ont. He deserted her the day after the wedding, and later she heard he was dead. She came to this city and married Johnson, living with him 19 years. Then she obtained a divorce. Subsequently she says William Hendy asked her to marry him.

As the attorneys were taking their places Jacob Cusler, now a resident of Pittsburg, walked into the room. The case was at once dismissed.

Loud Bill Knocked Out.

WASHINGTON, March 4.—The Loud bill, to correct alleged abuses of the second class mail matter privilege, which last year passed the house by a majority of 144 to 104, was buried under an overwhelming majority by the house. The vote was not taken directly on the bill, but on a motion to lay it on the table. By a vote of 162 to 119 the motion was carried. Forty-seven Republicans joined with the Democrats and Populists in accomplishing this result and ten Democrats voted with the majority of the Republicans.

Ridiculed by Senator Vest.

WASHINGTON, March 4.—During almost the entire session the senate had under consideration the Alaskan homestead and railway right-of-way bill. One of the features of the discussion was a speech delivered by Mr. Vest (Mo.), in which he ridiculed the idea of homesteading any part of Alaska or constructing railroads in that district. His motion to eliminate the homestead feature of the bill by striking out the first section was defeated.

For New Cabinet Department.

WASHINGTON, March 4.—The senate committee on commerce listened to arguments on behalf the National Business League and the National Board of Trade in the interest of the establishment of a new department of the government to be called the department of commerce and industries and to be presided over by a cabinet officer.

Relief For Mob Victim's Family.

WASHINGTON, March 4.—Senator Mason has introduced a resolution for the relief of the widow of the colored postmaster recently killed by a mob at Lake City, S. C. It is the same as that introduced in the house of representatives by Mr. White of North Carolina, except that the amount is made \$10,000.

PURCHASED GOLD WITH DEATH.

Two Men Frozen to Death Returning From the Klondike.

VICTORIA, B. C., March 4.—It is said by the steamer Islander, from Alaska, that several days ago two Canadian mounted police marched into Skaguay with two sleds in tow, over which were strapped two dead men, found frozen to death on the trail.

It is said they were returning Klondikers and they are reported to have had in their possession \$160,000 in paper and gold dust, one \$90,000 and the other \$70,000. Their names are not known.

SUPPLEE CAUGHT HIM

But Not Until He Had Chased the Doctor

NINE MILES IN THE DARK

The Accused Was Wanted For Practicing Medicine Without a License on a Charge Preferred by Prosecutor Brookes, and Endeavored to Get Away.

LISBON, March 4.—[Special.]—Complaint was made in probate court by Prosecutor Brookes that W. H. Long had been practicing medicine in Columbiana without the license required by law. A warrant was issued for his arrest, and Deputy Supplee went to Columbiana last night for the purpose of serving it. Long learned of the matter, and eluding the office secured a horse and buggy and hastily left town. The doughty deputy did not discover it for 30 minutes, but when he did he lost no time in following Long. Although the doctor had the advantage of darkness and pushed his steed to its utmost speed, Supplee succeeded in capturing him after a chase of nine miles.

He was brought to Lisbon, and pleading guilty to the charge was fined \$30 and costs.

In the Courts.

LISBON, March 4.—[Special.]—Dorah Butler's application for a divorce from W. T. Butler was heard yesterday afternoon. They were married at Newport, Pa., in 1892. Gross neglect, unfaithfulness and cruelty were the grounds presented, and Judge Smith granted the divorce. Mrs. Butler will look after the children. They are Liverpool parties.

Robert Louthan, of Hanoverton, is being heard today, having been indicted for assault and battery. About 60 witnesses are present. The case will occupy all of today.

Samuel McCurdy plead guilty to the charge of assault and battery and got \$10 and costs.

In the case of John R. Martin, treasurer, against Nancy Bright, demurer to the amended petition, was sustained, and leave given to file an amended petition.

Refused an Injunction.

LISBON, March 4.—[Special.]—The case of Treasurer Cameron against J. W. Riley took another turn today. An application for an injunction to prevent the treasurer from collecting additional taxes by a suit at law was argued before Judge Taylor. It was not allowed.

FELL IN THE RIVER.

Smith Had a Narrow Escape From Drowning.

Last evening when the Urania pulled in a number of people went aboard to view the boat.

A young man named Smith, of West End, remained on board until after the gang plank was removed and attempted to jump to the wharfboat. He fell short a few feet and went into the river under the guard of the wharfboat. He was fished out by two young men named Bradley and Harley, none the worse for his ducking, but very badly frightened.

Some Sporting News.

The Twin City Football team failed to meet last evening, and it is probable no further attempts will be made to get them together until next fall.

Manager LeMar, of the Cuban X Giants has written asking for open dates with the local team between May 8 and 22.

Timothy Twaddle this morning received a letter from Youngstown asking for his terms. He is already under contract to Auburn.

Miss Patterson Is Dead.

Word was received in the city today announcing the death of Miss Eva Patterson, at her home near Lisbon. The young lady was employed in this city for several months, and was a member of the choir of the First Presbyterian church. She made many friends while here who will be pained to learn of her early demise.

Married.

William M. Lafferre and Miss Myrtle R. Barnett were married this morning by Squire Rose. The parties are well known in the city, and have many friends who will wish them much happiness.

DO YOU LOVE MUSIC?

Have You a Desire For a First-class Instrument?

NOTHING SO NICE AS A PIANO

Of Course You Will Buy Intelligently, and Secure a Piano Backed by a Reliable Guarantee—Then You Will Want Reasonable Prices and Favorable Terms.

From time immemorial, music has held sway and exercises a powerful influence over every class and grade of society, especially so among civilized nations. Music possesses a refining and humanizing influence, and has much to do with making the home circle and family fireside a desirable and attractive place. Vocal music is always and ever in demand—in the home circle, on the stage, in society, and upon the tented field, where gallant men stand ready to defend the honor of their native land and uphold the emblem which represents patriotism and love of country.

Musical instruments also hold a warm place in the hearts and lives of lovers of music, and among musical instruments there is none more to be desired than is a first-class piano, sending forth rich melodies, under the manipulation of a roaster hand, unequalled save only by the witching vibrations emanating from the feathered throat of that prince of songsters, the nightingale.

In days gone by, the piano has been a rare and costly luxury, costing such a sum of money as to almost place it beyond the reach of the average wage earner or mechanic. But time has wrought a very perceptible change in this feature. Competition has become very keen, and this instrumentality has resulted in placing the piano within the reach of almost anyone who occupies what may be called a fairly remunerative position, and who makes it his business to exercise true economy and saving, in order that the delights coming from a fine piano may enter into his life and home circle, charming mother, sisters, wife and friends, and making his home the center of an appreciative circle of friends, relatives and acquaintances.

It has become possible, in the present age, to secure a musical education at but slight outlay of money, and there is, in almost every home, some one who stands ready to take advantage of this fact and become sufficiently skillful upon the piano as to make merry music for the homestead.

East Liverpool has a large percentage of music lovers. This is a well known fact, and is fully evidenced by the large attendance at our places of amusement when any first-class troupe appears in our city.

Smith & Phillips, the well-known and justly popular music dealers, corner of Fourth and Washington streets, fully appreciate this fact, and they cater to our music-loving population in a manner which has made their names a household word throughout this section of the Buckeye state. They carry a splendid line of pianos, embracing the very best instruments manufactured—pianos which will grace any home, and of which the owner may be justly proud. A visit to their superbly fitted storeroom will show you the SOMMER, BRIGGS, STAR and RICHMOND pianos, instruments which have been placed in very many homes in East Liverpool and vicinity, and which have given full and complete satisfaction to delighted patrons; instruments which are guaranteed in every particular by our townsmen—a guarantee which is good as gold and which is worth just one hundred cents on the dollar.

Another very pleasing feature in dealing with SMITH & PHILLIPS, is the fact that they sell their instruments at very reasonable prices; and this is backed by still another pleasing feature—the very favorable terms accorded to purchasers. These are true statements, simply defying successful competition, as you can easily ascertain by calling upon SMITH & PHILLIPS when you desire to either inspect or purchase a piano.

Of course our townsmen handle other musical instruments, such as organs, music boxes, and in fact anything and everything in the music line, and you will not go amiss in asking for or ordering anything common to this branch of trade. You have a cordial invitation to visit the music headquarters of SMITH & PHILLIPS, and you will indeed be very hard to please if these popular dealers cannot fill the bill to your full satisfaction. All things being equal, the citizens of East Liverpool are hearty advocates and patrons of home industries, and this accounts for the magnificent trade which our townsmen have built, and the still more pleasing fact, to them, at least, that their business is constantly increasing.

DISSOLVED.

But Mr. G. Bendheim Will Continue the Business.

It is announced today that the firm of G. Bendheim & Co. has been dissolved, Mr. S. Bendheim, of Altoona, Pa., retiring. Mr. G. Bendheim will continue the business in this city.

During his residence here Mr. Bendheim has been eminently successful, and has succeeded in building up an excellent trade. His many friends wish for him continued prosperity and all the good luck he can endure.

The Democrats Will Decide Some Things

RELATIVE TO THE CONVENTION

Chairman J. J. Weisend Calls a Meeting, and Gives Out That He Is Not a Candidate For Mayor, but Incidentally Drops a Significant Remark.

Chairman J. J. Weisend has called a meeting of the Democratic central committee for next Tuesday evening.

Preparations will be made at the meeting for holding the city convention and the date will be fixed. There will be no nominations made at the meeting, and the chairman would not venture an opinion as to the date to be selected, but practically admitted the story published in the NEWS REVIEW last Wednesday to be their plans.

He was asked if all nominations, with the exception of mayor, would be made previous to March 19, but said he was not at liberty to express himself. When asked if it was not so that he was a candidate for mayor under certain conditions, he declined to answer, but replied that "the laboring people should control the city government," which remark practically admits his candidacy, should John W. Wyman be the Republican nominee.

UNIFORM THE POLICE

President Peach Thinks Officers Look Like Farmers.

WOULD HAVE A FEW MORE

The City Is Entirely Too Big to Be Cared For by the Force Now on Duty—Reforms suggested and Plans Considered For Important Changes.

It is probable the city will have uniformed police within the next few months.

The matter was discussed yesterday afternoon by Messrs. Peach and Marshall, and Mr. Peach said:

"I am in favor of giving the policemen more wages as their present salary is not sufficient to uniform them. This thing of a policeman looking like a farmer should not be permitted. If a stranger was to come here and an officer would tap him on the shoulder for the purpose of arrest, it is more than probable the officer would get knocked down as the stranger would take him for a bum. I believe all officers should be uniformed, and we should select good men and pay them good wages so they could uniform themselves. I am not in favor of the city paying for the uniforms."

Dr. Marshall replied that the trouble was that council did not have the selection of the officers, but he believed in paying wages high enough for good men.

To this Mr. Peach replied: "There is no doubt the city is very poorly officered, but I don't believe any mayor would make appointments against the wishes of council. For that matter we could keep the old officers on the force. The police should wear a belt and carry a mace on the outside, and the matter should be attended to at once so that parties who want to apply for appointment should know what to expect. They should also be required to do their duty."

"I, as a councilman, would never undertake to control a policeman," replied Mr. Marshall, "but I do think when he does not do his duty the mayor and marshal should report the same to council. The police committee make rules, but when the mayor and marshal do not enforce them, what good are they? I am in favor of the city buying the uniforms for the officers. An able bodied man, fit physically and mentally for an officer, who cannot make more than \$1.75 a day, is not fit to be a policeman. The power should be in the hands of the mayor and marshal, and when an officer does not do his duty he should be discharged at once."

Mr. Peach closed the discussion by saying: "The officers should study the ordinances. A policeman is not qualified until he is thoroughly familiar with his position. The police committee should hold examinations. The ordinance calls for it, but they never do so, and there has not been a meeting of the committee in the last year."

TWO TRUANTS

Were Sent to Probate Court by Squire Hill.

Patrick and Willie Costello were arraigned before Squire Hill yesterday afternoon as truants. Their mother said she could not control them, and they would not go to school.

Squire Hill bound the boys to probate court, and Constable Lyon took them to Lisbon this morning. They will be sent to Lancaster.

The journeymen painters met last evening to form a permanent organization. Several speeches were made and it was decided to hold another meeting next week, when final measures will be adopted.

Our immense reductions in overcoats and ulsters still hold forth. Examples: \$10.00 all-wool Kersey o'coats at \$5.98. \$12.00 woolen melton o'coats at \$8.00. \$15.00 ulsters go now at \$10.00.

\$20.00 ulsters are cut to \$12.00. At ERLANGER'S.

Delayed a Train.

The early Cleveland train was 20 minutes late this morning. The delay was caused by a flat tire on the locomotive at Rochester.

IN THE DIAMOND.

THE "MOVE UP" DINNER.

An Outgrowth of a Breakfast Recently Given in Washington by Mrs. Davis.

Now we have progressive dinners! We have had progressive euchres, progressive salmagundi parties and progressive what not, but the progressive dinner is brand new. Only two or three have as yet been given in New York, but they have been pronounced so altogether delightful that the innovation will unquestionably develop into a fad. Society, you know, is ever quick to grasp at anything which tends to relieve the monotony of things.

The progressive dinner really explains itself. It is just like any other progressive game. The guests are seated at small tables and at the end of each course half of them "move up." In this way there is a constant changing of faces, and conversation is never suffered to lag.

To show how new the progressive dinner is it is only necessary to state that it is the outgrowth of a breakfast recently given in Washington by Mrs. Davis, wife of Senator Cushman K. Davis of Minnesota, in honor of Mrs. Dole, wife of the Hawaiian president. The several tables at this especial function were grouped about the room, the largest being occupied during the first course by the hostess and guest of honor alone. This left four places vacant, which were filled in turn by guests from the other tables, so that every one in the room during the 12 courses was afforded the opportunity of chatting with the hostess and guest of honor.

The plan of the progressive dinner, however, is somewhat different. The

guests are placed at small tables, seating four persons. At the conclusion of the first course the hostess taps a bell. That is the signal for the "grand change."

Two of the diners, a lady and gentleman, facing, say, north and south, move up to the next table, from which two others have moved up, and so on until every table has a new personnel. The pair remaining at each table change their positions so that they are no longer facing each other, and in this way when the end of the second course is reached no two of the guests are permitted to remain at the same table. — New York Herald.

A Compromise.

"I don't suppose," said the wife, "that you mailed those letters I gave you today, John."

"No," said John cheerfully, "but I did those you gave me last week, my dear."

Sometimes policy and honesty go hand in hand. — Cincinnati Commercial Appeal.

A Great Awakening.

"Richard, why do you wish to stay at home this evening? You promised that when we were married you would go to church with me every Sunday evening."

"Well, my dear, I have been keeping my word."

"But this is only the third Sunday. I think you ought to tell me frankly why you do not wish to go. Is it that you have ceased to love me so soon?"

"No, Susan, it isn't that at all. The fact is, I can't stand your favorite preacher; he is too dull for me."

"Too dull, Richard? Why, the reverend gentleman is regarded as a great revivalist!"

"H'm, yes, I have noticed that there is always a great awakening after his sermon!"

Then she began to cry, and he had to go to pacify her. — Pearson's Weekly.

During the last year no fewer than 10,000 school children were taught to swim by instructors employed by the London Schools Swimming association.

A Noble Steed.

It was Sir Henry Havelock Allan's boast that he could make his Arab, like the British army, "go anywhere and do anything," and there is a well authenticated story of how one day, mounted upon his horse, he called upon a friend, who received him from an upper window, with the remark, "I'll be down in a moment." "Oh, don't trouble to come down!" was the general's reply. "We'll come up to you," and he set his steed at the steps, and in a moment was in the hall and would undoubtedly have ascended to the drawing room. — New York Post.

EAST LIVERPOOL, O., FRIDAY, MARCH 4.

If East Liverpool is to be governed next year by Republicans none but the best men available must be nominated at the primaries. The Democratic managers have grasped the situation, and will act accordingly.

The state board of commerce has added to its reputation for good sense by endorsing the bill providing for the appointment of a commission to revise the municipal code, giving uniformity in the matter of city government.

The treasury department has been looking into the matter of wool importations, and finds that this country is again raising its own wool. Imports in this particular line have fallen off wonderfully since the passage of the Dingley bill, while the number of fine sheep in the country has been largely increased.

If the Republicans of East Liverpool will do their duty two weeks from tomorrow afternoon, the city will have the right sort of government when the new officers take up the work assigned them. It remains for the people who want a clean administration of public affairs to settle the matter. They are in the majority; the power is in their hands. On them depends the nature of the result.

The American people deserve all the praise they can be given for their conduct since the destruction of the Maine in Havana harbor. Few, if any nations would have waited so calmly for the result of the investigation. And it must not be understood that this calmness means lack of patriotism. It simply shows the presence of common sense. A call to war tomorrow would be answered by thousands more men than the government could use.

THERE is little danger of anyone finding cause to criticize President McKinley when the history of the weeks immediately following the destruction of the Maine is written. As Senator Foraker significantly said in the Ohio house of representatives the other day: "I beg you not to be impatient. Probably more preparations are being made than you or the public know of. If there is any trouble it will not be long before there will be more than one ship at the bottom of the sea."

THE POLICE.

Any move council may make to increase the efficiency of the police force will be received with satisfaction throughout the city. It should be borne in mind, however, that the personal character of the patrolmen should be a matter for consideration as well as the number of officers employed. A dozen policemen will not be as useful as four good men if they are not acquainted with the law and do not possess sufficient courage to enforce it by doing their duty.

DISSATISFIED DEMOCRACY.

Allen O. Myers and the other friends of John R. McLean who have been carrying things with a high hand in the Democratic camp, have incurred the enmity of some other men who are also Democrats, and there are splendid prospects for a lively row when the committee meets next week. If it will result in the downfall of McLean and his system of bossism the better element in the Ohio Democracy can hail the battle with appropriate manifestations of delight. Seldom has there been a politician in the state who fitted his collars so well about the little gang who served him or was so offensive to those not immediately connected with his plans.

WELLSVILLE.

A SOCIETY WAS FORMED

By the Holiness People at Last Night's Meeting.

ARRANGEMENTS FOR A SALE

Another Important Session of the Board of Trade Was Held Last Night--Personal--Happenings at the Shops--All the News of Wellsville.

The people who congregate each evening at the Fourteenth street mission, for the purpose of hearing the doctrine of the baptism of fire expounded, held a meeting of unusual importance last night. After the usual excitement and vigorous exercise it was decided to form a permanent organization. The plan was carried out, and now the town has "The Fire Baptized Holiness association." The charter members number 17, and it is believed others will be added in the near future. Among them are members from a number of churches.

Another Sale of Lots.

At a well attended meeting of the board of trade, last night, it was decided to sell the remainder of the lots in West End next Tuesday. Committees were appointed to make the arrangements, and another committee was selected to procure a plat of the adjacent property donated to the board. It will be at Snowden's store until Tuesday at 7 o'clock.

News of the Shops.

Engine 670 was turned out today after general repairs.

The men in the locomotive departments went on 13 hours yesterday. This will continue until all the switching engines are turned out. This is done in expectation of heavy freight traffic.

The Cleveland and Pittsburgh division will receive five more large freight locomotives soon. These engines are now being made in the Juniata shops at Altoona. The freight on this division consists of coal and iron, and needs the heaviest locomotives, the smaller ones being shipped for use on those divisions where lighter freight is the rule.

C. J. Chandler is on the sick list.

William Carrigan and Chester Brant have secured positions in the blacksmith shop.

Arthur Smith, of the machine shop, went home sick this morning.

J. W. Menough, foreman of the shops, is in Lisbon today.

Frank Culp, of the blacksmith shops, is leaving the service of the railroad company and will assist T. R. Morris in his dairy next summer.

Jesse Clark will go to work at the rolling mill next Monday.

Personal.

Miss Ida Settle has gone for a visit to her home in Fairview, W. Va.

E. D. Anderson has sold his fine team of horses and hereafter he will work with the bridge builders of the railroad.

B. Rand went out on the main line this morning.

Mrs. Richard McMillan went to Cleveland on the morning train.

Mrs. Mary Beabout is a Cleveland visitor.

H. T. Duff went to Salineville this morning.

Mrs. W. P. King went to Bedford yesterday.

The News of Wellsville.

The nine-months-old infant of Charles Elliott, of Cream City, was buried at Somerset. Services at 11 o'clock today.

Mrs. Mary Chapman, wife of the telegraph operator at New Cumberland, passed through Wellsville on her way to attend the golden wedding of her parents in Newburg.

Stein Allison has rented the David Herbert farm on Little Yellow Creek.

A start will be made tomorrow on the fill for the new switch to be built to the Goodwin pottery.

D. A. Devine, of Liverpool, purchased Third street property from Cleveland parties yesterday through Attorney C. A. Boyd.

William Hollingshead, formerly of East Liverpool, has moved from Akron to Wellsville.

M. E. Swickard has moved his household goods from Irondale to town.

Cleaned the Streets.

The boys at the fire station this afternoon cleaned about one half of East Market street, with the hose. A passerby was heard to remark, "How nice the town would look if all the streets were cleaned in the same manner."

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER CO., NEW YORK.

PERSONAL MENTION.

—William Wallace, of St. Mary's, W. Va., is in the city visiting friends.

—Miss Jennie Walton, of Beaver, is in the city visiting friends.

—Elmer Eagen spent last evening visiting friends in New Cumberland.

—Doctor Bailey, of East Market street, was in Wheeling on private business today.

SWEET CHARITY.

Here is a Case Worthy of Your Immediate Attention.

Do you believe in aiding and assisting the worthy poor and unfortunate? If so, here is your golden opportunity. The matter has been looked into carefully by careful citizens. It is a case of real need. The father and four sons have been down with the grip and are just recovering from severe illness. Anything in the way of food will be acceptable. Leave supplies with Mr. Zeb Kinsey, in the Diamond, and he will see that they reach the right place. As God has prospered you, help the needy. The ladies of East Liverpool will make note.

Shipments of Ware.

A large amount of freight was handled at the depot yesterday. The number of cars loaded each day shows that a great deal of ware is being shipped from the city.

Thirty-four baskets of ware were sent to Pittsburgh on the early train today. Other large shipments have been made in this way during the week.

Their Own Library.

A handsome book case will be placed in the Chevalier club rooms next week. Every member will contribute one or more books, and it is thought it will soon be filled. An encyclopedia of 20 volumes is the first donation.

25 boxes nice oranges, at only 10 cents a dozen. For Saturday only, March 5, at Frank E. Oyster's.

Strawberries and all kinds of choicest green stuffs, at Frank E. Oyster's.

Making Progress.

Work on the memorial chapel is progressing, but it is hardly probable the building will be completed before Decoration day. The parties who are collecting funds are meeting with much success.

Talked to Teachers.

At the regular teachers' meeting to be held in Central building this afternoon Professor Hall is listed to present a number of experiments in chemistry, and Professor Armstrong will talk on physiology.

25 boxes nice oranges, at only 10 cents a dozen. For Saturday only, March 5, at Frank E. Oyster's.

Taken to a Hospital.

Edward Kelley, of Washington street, who has been suffering for some time with rheumatism, was today taken to the Allegheny general hospital, where he will undergo treatment.

LOOKS LIKE ACTIVITY

Railroad Contractors Have Been In Town.

ALL CROSSED THE RIVER

Not a Day of This Week Has Passed Without Some Indication That the Cumberland Branch Will Be Extended to Chester—No Setbacks.

The men who do contract work for the Pennsylvania company are deeply interested in this vicinity just now. Not a day of this week has gone by without a number of contractors appearing in this city. They invariably cross the river, spend the day on the other side and return in the evening. Some of them have left the train at Wellsville and walked to Chester. All have had rolls of plans and blue prints.

From a reliable source it is learned that these contractors confidently expect the Cumberland branch to be extended, and they are preparing bids for the consideration of the company's engineers. When questioned about the matter J. E. McDonald refused to be interviewed.

WHAT DOES IT MEAN?

Some Interesting News Comes From Pittsburgh.

The railroad man of the Pittsburgh Post has the following:

"The Pennsylvania has just purchased the two approaches to the old Sandy and Beaver canal tunnel, east of Hanover, at a cost of \$1,100. They now practically own all the right of way of the old canal route from Minerva to Beaver, Pa., and it is stated that a new road will be built from Kensington to Beaver, passing through this tunnel and along the old canal route. It is about 14 miles shorter from Kensington to Beaver than by way of Salineville, Wellsville and East Liverpool, and avoids the very heavy grades west of Salineville. The old tunnel is about a mile long and was built at the tremendous cost of over a million dollars, and only three canal boats are said to have passed through it before the canal was abandoned."

25 boxes nice oranges, at only 10 cents a dozen. For Saturday only, March 5, at Frank E. Oyster's.

No Arrests Last Night.

No arrests were made during the night and this morning, and no police calls were sent to the fire station.

John Miller, the colored man arrested some days ago on a charge of cruelty to animals, was taken to the county jail this morning in default of \$15.50 fine. He was in charge of Officer Whan.

The city janitor and Mr. Skelley are the only occupants of the jail.

Another Important Session of the Board of Trade Was Held Last Night--Personal--Happenings at the Shops--All the News of Wellsville.

The people who congregate each evening at the Fourteenth street mission, for the purpose of hearing the doctrine of the baptism of fire expounded, held a meeting of unusual importance last night. After the usual excitement and vigorous exercise it was decided to form a permanent organization. The plan was carried out, and now the town has "The Fire Baptized Holiness association." The charter members number 17, and it is believed others will be added in the near future. Among them are members from a number of churches.

Another Sale of Lots.

At a well attended meeting of the board of trade, last night, it was decided to sell the remainder of the lots in West End next Tuesday. Committees were appointed to make the arrangements, and another committee was selected to procure a plat of the adjacent property donated to the board. It will be at Snowden's store until Tuesday at 7 o'clock.

News of the Shops.

Engine 670 was turned out today after general repairs.

The men in the locomotive departments went on 13 hours yesterday. This will continue until all the switching engines are turned out. This is done in expectation of heavy freight traffic.

The Cleveland and Pittsburg division will receive five more large freight locomotives soon. These engines are now being made in the Juniata shops at Altoona. The freight on this division consists of coal and iron, and needs the heaviest locomotives, the smaller ones being shipped for use on those divisions where lighter freight is the rule.

C. J. Chandler is on the sick list.

William Carrigan and Chester Brant have secured positions in the blacksmith shop.

Arthur Smith, of the machine shop, went home sick this morning.

J. W. Menough, foreman of the shops, is in Lisbon today.

Frank Culp, of the blacksmith shops, is leaving the service of the railroad company and will assist T. R. Morres in his dairy next summer.

Jesse Clark will go to work at the rolling mill next Monday.

Personal.

Miss Ida Settle has gone for a visit to her home in Fairview, W. Va.

E. D. Anderson has sold his fine team of horses and hereafter he will work with the bridge builders of the railroad.

B. Rand went out on the main line this morning.

Mrs. Richard McMillan went to Cleveland on the morning train.

Mrs. Mary Beabout is a Cleveland visitor.

H. T. Duff went to Salineville this morning.

Mrs. W. P. King went to Bedford yesterday.

The News of Wellsville.

The nine-months-old infant of Charles Elliott, of Cream City, was buried at Somerset. Services at 11 o'clock today.

Mrs. Mary Chapman, wife of the telegraph operator at New Cumberland, passed through Wellsville on her way to attend the golden wedding of her parents in Newburg.

Stein Allison has rented the David Herbert farm on Little Yellow Creek.

A start will be made tomorrow on the fill for the new switch to be built to the Goodwin pottery.

D. A. Devine, of Liverpool, purchased Third street property from Cleveland parties yesterday through Attorney C. A. Boyd.

William Hollingshead, formerly of East Liverpool, has moved from Akron to Wellsville.

M. E. Swickard has moved his household goods from Irondale to town.

Cleaned the Streets.

The boys at the fire station this afternoon cleaned about one half of East Market street, with the hose. A passerby was heard to remark, "How nice the town would look if all the streets were cleaned in the same manner."

PERSONAL MENTION.

—William Wallace, of St. Mary's, W. Va., is in the city visiting friends.

—Miss Jennie Walton, of Beaver, is in the city visiting friends.

—Elmer Eagen spent last evening visiting friends in New Cumberland.

—Doctor Bailey, of East Market street, was in Wheeling on private business today.

SWEET CHARITY.

Here is a Case Worthy of Your Immediate Attention.

Do you believe in aiding and assisting the worthy poor and unfortunate? If so, here is your golden opportunity. The matter has been looked into carefully by careful citizens. It is a case of real need. The father and four sons have been down with the grip and are just recovering from severe illness. Anything in the way of food will be acceptable. Leave supplies with Mr. Zeb Kinsey, in the Diamond, and he will see that they reach the right place. As God has prospered you, help the needy. The ladies of East Liverpool will make note.

Shipments of Ware.

A large amount of freight was handled at the depot yesterday. The number of cars loaded each days shows that a great deal of ware is being shipped from the city.

Thirty-four baskets of ware were sent to Pittsburg on the early train today. Other large shipments have been made in this way during the week.

Their Own Library.

A handsome book case will be placed in the Chevalier club rooms next week. Every member will contribute one or more books, and it is thought it will soon be filled. An encyclopedia of 20 volumes is the first donation.

Railroad Contractors Have Been In Town.

ALL CROSSED THE RIVER

Not a Day of This Week Has Passed Without Some Indication That the Cumberland Branch Will Be Extended to Chester—No Setbacks.

The men who do contract work for the Pennsylvania company are deeply interested in this vicinity just now. Not a day of this week has gone by without a number of contractors appearing in this city. They invariably cross the river, spend the day on the other side and return in the evening. Some of them have left the train at Wellsville and walked to Chester. All have had rolls of plans and blue prints.

From a reliable source it is learned that these contractors confidently expect the Cumberland branch to be extended, and they are preparing bids for the consideration of the company's engineers. When questioned about the matter J. E. McDonald refused to be interviewed.

WHAT DOES IT MEAN?

Some Interesting News Comes From Pittsburg.

The railroad man of the Pittsburg Post has the following:

"The Pennsylvania has just purchased the two approaches to the old Sandy and Beaver canal tunnel, east of Hanoverton, at a cost of \$1,100. They now practically own all the right of way of the old canal route from Minerva to Beaver, Pa., and it is stated that a new road will be built from Kensington to Beaver, passing through this tunnel and along the old canal route. It is about 14 miles shorter from Kensington to Beaver than by way of Salineville, Wellsville and East Liverpool, and avoids the very heavy grades west of Salineville. The old tunnel is about a mile long and was built at the tremendous cost of over a million dollars, and only three canal boats are said to have passed through it before the canal was abandoned."

No Arrests Last Night.

No arrests were made during the night and this morning, and no police calls were sent to the fire station.

John Miller, the colored man arrested some days ago on a charge of cruelty to animals, was taken to the county jail this morning in default of \$15.50 fine. He was in charge of Officer Whan.

The city janitor and Mr. Skelley are the only occupants of the jail.

Long List of Bills Creating

COMMISSIONS IN ABUNDANCE

Schemes of All Kinds by Which Money
Can Pass From the State Treasury Into
the Hands of Those Fortunate Politicians
Who Have the Required Pull.

COLUMBUS, March 4.—[Special.]—The
end is not yet in the introduction into
the legislature of bills having for their
object the creation of new offices.

There is a decided movement on foot
for a reduction of the fees and salaries
of county officials throughout the state
and to accomplish this end several bills
have been introduced. All of these ex-
cept one by Mr. Breck provide for a
state commission to work out the
problem. Those who have introduced
such bills are Senator Doty, Representa-
tive McCormick and Representative
Smalley. All of these schemes are more
or less elaborate and the commissions
are given considerable power.

The department of state architect is
created by a bill by Representative
Smith, of Delaware. This is a rather
innocent appearing measure, but it
means much and besides handling a
large amount of state funds this depart-
ment would employ a large number of
men.

Several bills by Mr. Davis increase the
duties of the state inspector of work-
shops and factories and require the em-
ployment of more deputy inspectors. A
bill by Mr. Manuel provides for the em-
ployment of three additional workshop
inspectors to look after bakeries.

For the protection of the fruit trees of
the state Mr. DeRan has introduced a
bill creating the state San Jose Scale
commission, with authority to employ
assistants who shall take measures to
exterminate the San Jose pest.

Mr. Parker's bill to regulate the
granting of marriage licenses also pro-
vides that in each county the probate
judge shall appoint two medical exami-
ners at a salary of \$1,000 per year each.

Mr. Bramley's bill to revise the
municipal code of the state provided for
a commission of two appointed by the
governor, and appropriates \$30,000 for
the work.

A most important measure is Mr.
Snider's bill for the state inspection of
grain and establishing in the office of
the state board of agriculture a grain
bureau, with a grain commission con-
sisting of the secretary of the board of
agriculture, the president of the board
of public works and the railroad com-
missioner. This commission shall ap-
point a state grain inspector, and
sufficient deputy inspectors to carry out
the work contemplated. The chief in-
spector shall receive a salary of \$2,400
per year and the deputies shall be paid
with fees.

Mr. Stivers has introduced a bill pro-
viding for county inspectors of leaf
tobacco, to be appointed by the probate
court.

The abolishment of contract prison
labor is a matter that has engaged the
attention of several of the members and
inspired them to introduce bills. One
of these is by Senator Dodge, and it pro-
vides for a state commission of three, to
be appointed by the governor. Another
along the same line, by Mr. Bramley
also provides that the governor shall
appoint a commission of three.

A bill by Senator May provides for
the establishment in the Ohio State
university of a department for instruc-
tion in textile industries and appro-
priating therefor \$30,000 for the first
year and \$40,000 annually thereafter.
Representative Rothe has introduced a
measure for the establishment of a school
of forestry at the Ohio university,
Athens.

Senator Carpenter presents a bill for
the establishment of a bacteriological
laboratory under the state board of health
and the employment of chemists for the
same.

There are three bills for the election
of additional common pleas judges in
different districts, and a dozen bills have
been introduced creating the office of
official stenographer in various counties.

The bills mentioned above show the
creation of a large number of new offices,
but they do not show it all on the face.
Nobody can tell how many minor em-
ployes would be required to carry out
the provisions of some of these bills, but
the number would be enough to make a
good long pay roll.

CITY FINANCES ARE ALL RIGHT

A Committee Meeting Developed That There Is a Considerable Amount of Money at Hand, and Prospects For the Future Are Brighter Than Usual.

Messrs. Peach and Marshall of the finance committee, met yesterday afternoon in the office of Clerk Hanley, for the purpose of investigating the condition of the various funds at the close of the fiscal year.

The bridge fund will show a balance of \$862.19, against \$3,474.07 in 1897. Clerk Hanley explained that one bond for \$1,000 and \$400 interest had been paid out of this fund during the year, and Mr. Marshall said it was a question in his mind whether council did not do wrong in expending part of the \$8,000 bond issue for other than the purpose for which it was intended.

As close as can be estimated the general fund will be even, while in 1897 it was \$2,125.91 overdrawn. The fund would have been in good condition but the Clark, West and Leatherow bills pulled it down.

The street fund will show a balance of \$1,022.62 against \$1,481.96 in 1897; the wharf fund is overdrawn \$16.66 while in 1897 there was \$42.81 in the treasury; the fire fund will have a balance of \$657.31 while in 1897 there was only \$501.53 to its credit; \$1,226.76 will be the amount in the police fund against \$664.58 in 1897; in the light fund there will be \$1,930 against \$1,962 in 1897; the sinking fund shows a balance of \$10,251.58 against \$17,034.40 in 1897; the interest fund has a balance of \$5,156.28 against \$3,116 in 1897, and the sanitary fund has a balance of \$453.38 against \$779.88 in 1897. It was decided to transfer the \$400 paid out of the bridge fund to the interest.

Clerk Hanley explained that the city had paid off \$12,000 water works bonds last year, in addition to another bond for \$1,000. He also stated there would be \$13,000 water works bonds due this year which the city would probably pay, to which Mr. Marshall replied: "It is an infernal outrage that the water trustees do not pay a cent of their own debt. I venture to say that if their income was \$3,000,000 a year they would not pay a cent of their indebtedness, but would spend it all."

Mr. Peach agreed with him, and said he thought it would be wise to have Solicitor Grosshans send in his bill so council could pay it. He was also in favor of settling up all business at the end of the year and starting anew.

The councilmen were well pleased with the showing made last year, as they had not incurred one cent of damages against the city or issued any bonds.

Mr. Marshall called attention to the fact that the city would have to stand part of the Lincoln avenue improvements, as the property would not stand the assessment, and Clerk Hanley stated they were the highest assessments ever levied in the city, running from \$300 to \$400 per lot.

It was then decided to ascertain what the condition of the funds would be in June and the following estimates were made: Street, \$272; light, \$232; police, \$326; sinking, \$9,251; sanitary, \$200 overdrawn; fire, \$783 overdrawn. There will be no change in the interest fund.

Mr. Marshall said he thought it would be necessary to change the levy in the fire and general funds, and it was decided to hold a meeting of finance committee after every payday next year so that council could at all times know the condition of the treasury.

THE DEFENSE FINISHED.

Last of Martin's Direct Witnesses Heard at the Trial.

WILKESBARRE, Pa., March 4.—When court opened in the Martin trial Deputy Hess was placed on the stand and his cross-examination was continued. Witness said he heard no command to fire and did not fire a shot. Deputy Hess said that Sheriff Martin's life was in great peril from the shooting, as he was in a group of strikers.

James A. Salem of Harrisburg, but formerly of Hazleton, said he was acting as a deputy for four days. He corroborated the testimony of other witnesses as to Sheriff Martin being roughly handled and saw the strikers rush toward the deputies. He did not fire at all.

Lawyer George A. Coxe of Philadelphia, representing the Austrian government, was here for the first time since the trial began. He said his visit was unofficial.

As soon as all the witnesses have been heard the defense, so Attorney Lenahan says, will ask Judge Woodward to give binding instructions to the jury to bring in a verdict of not guilty for all the defendants.

Deputy Charles J. Haens admitted that he fired one shot.

He further said he saw two strikers with revolvers thrust them at the sheriff, while another made a dig at him with a knife.

Sheriff Martin was recalled and asked if he observed any weapons on the strikers at West Hazleton. He answered that he saw three men with revolvers in their hip pockets.

T. M. Conniff, a tipstave, said that on the night of the shooting he met Sheriff Martin in the courthouse about 8 o'clock. The sheriff had a bruise on his cheek and a scratch on his neck.

This was the last witness for the defense and when he left the stand Attorney Lenahan announced the closing.

JERUSALEM CEMETERY.

Rev. Dr. Brown Says Judgment Should Be Suspended, Pending Investigation.

NEW YORK, March 4.—In answer to an inquiry regarding published statements as to the sale of the cemetery at Jerusalem and the removal of the bodies therefrom Rev. Dr. Arthur J. Brown, director of the Presbyterian board of foreign missions, said:

"The board, after correspondence with its sister mission, deemed it expedient to change the location of its cemetery in Jerusalem. The agent of the board effecting the change is a well-known and highly esteemed missionary. He acted in co-operation with the United States consul at Jerusalem, who is a man greatly respected."

"Over the latter this board has, of course, no jurisdiction, but we have written to our missionary representative, sending him a copy of the complaint and asking a full statement of the case from his view point. The board is cordially disposed to see that full justice is done to all concerned, but it is only fair that judgment should be withheld until the official inquiry is completed and the facts definitely known."

WILL RETURN TO HAVANA.

The Naval Court to Continue the Maine Inquiry There.

WASHINGTON, March 4.—Secretary Long said that no word had been received from the court of inquiry, and that no orders had been or would be given as to the movements of the court from Key West, as the court was fully authorized to shape its own movements. The original orders to the court were issued by Admiral Sicard, as commander of the fleet to which the Maine belonged, and it has the technical status of an admiral's court, reporting directly to him, both as to its movements and as to its final report on the cause of the disaster.

The understanding here is that the court has not concluded its work, but will return to Havana to take testimony.

AMERICANS MAY FIGHT.

Confirmed That the British Flag Is Raised in Alaskan Territory.

SEATTLE, Wash., March 4.—Five steamers have arrived from Alaska, the Utopia, Heneme, Del Norte, Protection and Queen. The most important news brought down was a confirmation of previous reports that a Canadian official has raised the British flag on what is regarded as American soil.

It is feared that serious trouble will grow out of the Canadians' attempt to collect duty on the summit of the White pass and Chilkoot pass, and the Americans will resist the payment on what they consider American grounds.

NINE PERSONS DROWNED.

The Schooner Speedwell Capsized Off the Florida Coast.

KEY WEST, March 4.—The schooner Speedwell, Captain Collier, from Marco, Fla., for Key West, was struck by a squall while off Marquesas, 18 miles from here, and capsized. Nine persons were drowned.

Among the victims were the three children of Captain Collier, George, Tom and Wilbur, aged respectively 4, 6 and 8, and the entire Nichols family, Bradley Nichols and his wife, their son and the latter's wife and two grandchildren. The family was from Bridgeport, Conn. and prominent.

Artillery Bill Delayed.

WASHINGTON, March 4.—The Hawley bill, for the creation of two additional regiments of artillery, will not be taken up in the house today, as some of its up in the house today, as some of its friends had hoped. The Republican members of the committee on rules gave the matter some consideration, but no conclusion was reached and, for the present, at least, the committee on military affairs will not be given time for its consideration.

SMITH'S COLD WATCH.

Lindell Railway Motorman Subjected to Odd Discipline For Carelessness.

Edward Smith, a motorman on the Spaulding avenue division of the Lindell railway, in St. Louis, was careless in handling his motor recently, and the rear trucks were torn from under the car while it was crossing a switch.

Smith was not discharged for his carelessness. Instead he was given a course of instruction in the school of discipline established especially for the occasion by the officers of the company. He was ordered to stand at the corner of Finney and Taylor avenues and take a record of all the cars that passed, their numbers, the divisions to which they belonged and other details. He found it a cold, tiresome job, but he withstood it for a day or so without leaving his post.

His meals were carried to him by members of his family, and all the kids in the neighborhood had fun at the expense of the lone, cheerless watchman.

The period of probation and punishment passed, and Superintendent Baumhoff rewarded the motorman's faithful performance of the task with reinstatement. Mr. Baumhoff thinks the experience received by Smith will prove beneficial to all the employees and less carelessness will be the rule hereafter on the road.—St. Louis Republic.

DIDN'T HAVE THE NERVE.

An Akron Couple Agree to Die Together, but the Man Backs Out.

CLEVELAND, March 4.—An excited man, half dressed and trembling violently, rushed up to a policeman and said he had made an attempt to commit suicide at the Lake Shore House. He said his nerve had deserted him. He and a woman had agreed to die together. She took carbolic acid and he took morphine. They retired after having turned on the gas. Then he said his nerve failed him and he fled. Officers went to the Lake Shore House and found the woman dead.

It was subsequently learned that the right name of the man is Frank Stadlerman. The woman was Mrs. Emma Stabb. The couple came to Cleveland Monday night from Akron, where the woman's husband lives. The police are inclined to believe the story of the suicide as related by Stadlerman. He was locked up.

Heavy Car Service Charges.

CLEVELAND, March 4.—At the session of the interstate commerce commission, which is investigating charges of discrimination against the Car Service association, J. G. Simmons, a grain dealer, testified that on many occasions the charges for holding cars over time or for transfer and switching was greater than the regular freight rates. He knew that large grain companies often escaped without any additional charge for switching or holding cars over time. The commission then continued the hearing to April 13.

Conference Between Boutelle and Long.

WASHINGTON, March 4.—The conference between Secretary Long and Representative Boutelle, chairman of the house naval committee, proved to be in reference to the regular naval bill and had no connection with emergency measures. Mr. Long said that they had gone over the question of docks, equipments, etc., as provided in the regular bill.

Small Revolution in Venezuela.

WASHINGTON, March 4.—The state department has been informed that a small revolution has broken out at Valencia, about 200 miles from Caracas, capital of Venezuela.

To Abandon Klondike Expedition.

WASHINGTON, March 4.—The senate committee on military affairs has decided to recommend the passage of a joint resolution authorizing the abandonment of the government expedition for the relief of the miners in the Klondike, which was authorized Dec. 1. It was decided to sell the reindeer.

Greensburg to Have a Library.

GREENSBURG, Pa., March 4.—Andrew Carnegie offered to give this city a free library if it would agree to maintain it. This they have agreed to do. Mr. Carnegie was at once notified and a letter was received from him telling Greensburg representatives to confer with Messrs. Drew and Anderson in Pittsburgh regarding plans, etc.

CITY FINANCES ARE ALL RIGHT

A Committee Meeting Developed That There Is a Considerable Amount of Money at Hand, and Prospects For the Future Are Brighter Than Usual.

Messrs. Peach and Marshall of the finance committee, met yesterday afternoon in the office of Clerk Hanley, for the purpose of investigating the condition of the various funds at the close of the fiscal year.

The bridge fund will show a balance of \$862.19, against \$3,474.07 in 1897. Clerk Hanley explained that one bond for \$1,000 and \$400 interest had been paid out of this fund during the year, and Mr. Marshall said it was a question in his mind whether council did not do wrong in expending part of the \$8,000 bond issue for other than the purpose for which it was intended.

As close as can be estimated the general fund will be even, while in 1897 it was \$2,125.91 overdrawn. The fund would have been in good condition but the Clark, West and Leatherow bills pulled it down.

The street fund will show a balance of \$1,022.62 against \$1,481.96 in 1897; the wharf fund is overdrawn \$16.66 while in 1897 there was \$42.81 in the treasury; the fire fund will have a balance of \$657.31 while in 1897 there was only \$501.53 to its credit; \$1,236.76 will be the amount in the police fund against \$664.58 in 1897; in the light fund there will be \$1,930 against \$1,962 in 1897; the sinking fund shows a balance of \$10,251.58 against \$17,034.40 in 1897; the interest fund has a balance of \$5,156.28 against \$3,116 in 1897, and the sanitary fund has a balance of \$453.38 against \$779.88 in 1897. It was decided to transfer the \$400 paid out of the bridge fund to the interest.

Clerk Hanley explained that the city had paid off \$12,000 water works bonds last year, in addition to another bond for \$1,000. He also stated there would be \$13,000 water works bonds due this year which the city would probably pay, to which Mr. Marshall replied: "It is an infernal outrage that the water trustees do not pay a cent of their own debt. I venture to say that if their income was \$3,000,000 a year they would not pay a cent of their indebtedness, but would spend it all."

Mr. Peach agreed with him, and said he thought it would be wise to have Solicitor Grosshans send in his bill so council could pay it. He was also in favor of settling up all business at the end of the year and starting anew.

The councilmen were well pleased with the showing made last year, as they had not incurred one cent of damages against the city or issued any bonds.

Mr. Marshall called attention to the fact that the city would have to stand part of the Lincoln avenue improvements, as the property would not stand the assessment, and Clerk Hanley stated they were the highest assessments ever levied in the city, running from \$300 to \$400 per lot.

It was then decided to ascertain what the condition of the funds would be in June and the following estimates were made: Street, \$272; light, \$233; police, \$226; sinking, \$9,251; sanitary, \$200 overdrawn; fire, \$783 overdrawn. There will be no change in the interest fund.

Mr. Marshall said he thought it would be necessary to change the levy in the fire and general funds, and it was decided to hold a meeting of finance committee after every payday next year so that council could at all times know the condition of the treasury.

WILKESBARRE, Pa., March 4.—When court opened in the Martin trial Deputy Hess was placed on the stand and his cross-examination was continued. Witness said he heard no command to fire and did not fire a shot. Deputy Hess said that Sheriff Martin's life was in great peril from the shooting, as he was in a group of strikers.

James A. Salem of Harrisburg, but formerly of Hazleton, said he was acting as a deputy for four days. He corroborated the testimony of other witnesses as to Sheriff Martin being roughly handled and saw the strikers rush toward the deputies. He did not fire at all.

Lawyer George A. Coxe of Philadelphia, representing the Austrian government, was here for the first time since the trial began. He said his visit was unofficial.

As soon as all the witnesses have been heard the defense, so Attorney Lenahan says, will ask Judge Woodward to give binding instructions to the jury to bring in a verdict of not guilty for all the defendants.

Deputy Charles J. Haens admitted that he fired one shot.

He further said he saw two strikers with revolvers thrust them at the sheriff, while another made a dig at him with a knife.

Sheriff Martin was recalled and asked if he observed any weapons on the strikers at West Hazleton. He answered that he saw three men with revolvers in their hip pockets.

T. M. Conniff, a tipstave, said that on the night of the shooting he met Sheriff Martin in the courthouse about 8 o'clock. The sheriff had a bruise on his cheek and a scratch on his neck.

This was the last witness for the defense and when he left the stand Attorney Lenahan announced the closing.

JERUSALEM CEMETERY.

Rev. Dr. Brown Says Judgment Should Be Suspended, Pending Investigation.

NEW YORK, March 4.—In answer to an inquiry regarding published statements as to the sale of the cemetery at Jerusalem and the removal of the bodies therefrom Rev. Dr. Arthur J. Brown, director of the Presbyterian board of foreign missions, said:

"The board, after correspondence with its sister mission, deemed it expedient to change the location of its cemetery in Jerusalem. The agent of the board effecting the change is a well-known and highly esteemed missionary. He acted in co-operation with the United States consul at Jerusalem, who is a man greatly respected."

"Over the latter this board has, of course, no jurisdiction, but we have written to our missionary representative, sending him a copy of the complaint and asking a full statement of the case from his view point. The board is cordially disposed to see that full justice is done to all concerned, but it is only fair that judgment should be withheld until the official inquiry is completed and the facts definitely known."

WILL RETURN TO HAVANA.

The Naval Court to Continue the Maine Inquiry There.

WASHINGTON, March 4.—Secretary Long said that no word had been received from the court of inquiry, and that no orders had been or would be given as to the movements of the court from Key West, as the court was fully authorized to shape its own movements. The original orders to the court were issued by Admiral Sicard, as commander of the fleet to which the Maine belonged, and it has the technical status of an admiral's court, reporting directly to him, both as to its movements and as to its final report on the cause of the disaster.

The understanding here is that the court has not concluded its work, but will return to Havana to take testimony.

AMERICANS MAY FIGHT.

Confirmed That the British Flag Is Raised in Alaskan Territory.

SEATTLE, Wash., March 4.—Five steamers have arrived from Alaska, the Utopia, Heneme, Del Norte, Protection and Queen. The most important news brought down was a confirmation of previous reports that a Canadian official has raised the British flag on what is regarded as American soil.

It is feared that serious trouble will grow out of the Canadians' attempt to collect duty on the summit of the White pass and Chilkoot pass, and the Americans will resist the payment on what they consider American grounds.

NINE PERSONS DROWNED.

The Schooner Speedwell Capsized Off the Florida Coast.

KEY WEST, March 4.—The schooner Speedwell, Captain Collier, from Marco, Fla., for Key West, was struck by a squall while off Marquesas, 18 miles from here, and capsized. Nine persons were drowned.

Among the victims were the three children of Captain Collier, George, Tom and Wilbur, aged respectively 4, 6 and 8, and the entire Nichols family, Bradley Nichols and his wife, their son and the latter's wife and two grandchildren. The family was from Bridgeport, Conn., and prominent.

Artillery Bill Delayed.

WASHINGTON, March 4.—The Hawley bill, for the creation of two additional regiments of artillery, will not be taken up in the house today, as some of its upholders had hoped. The Republican members of the committee on rules gave the matter some consideration, but no conclusion was reached and, for the present, at least, the committee on military affairs will not be given time for its consideration.

SMITH'S COLD WATCH.

Lindell Railway Motorman Subjected to Odd Discipline For Carelessness.

Edward Smith, a motorman on the Spaulding avenue division of the Lindell railway, in St. Louis, was careless in handling his motor recently, and the rear trucks were torn from under the car while it was crossing a switch.

Smith was not discharged for his carelessness. Instead he was given a course of instruction in the school of discipline established especially for the occasion by the officers of the company. He was ordered to stand at the corner of Finney and Taylor avenues and take a record of all the cars that passed, their numbers, the divisions to which they belonged and other details. He found it a cold, tiresome job, but he withstood it for a day or so without leaving his post. His meals were carried to him by members of his family, and all the kids in the neighborhood had fun at the expense of the lone, cheerless watchman.

The period of probation and punishment passed, and Superintendent Baumhoff rewarded the motorman's faithful performance of the task with reinstatement. Mr. Baumhoff thinks the experience received by Smith will prove beneficial to all the employees and less carelessness will be the rule hereafter on the road.—St. Louis Republic.

DIDN'T HAVE THE NERVE.

An Akron Couple Agree to Die Together, but the Man Backs Out.

CLEVELAND, March 4.—An excited man, half dressed and trembling violently, rushed up to a policeman and said he had made an attempt to commit suicide at the Lake Shore House. He said his nerve had deserted him. He and a woman had agreed to die together. She took carbolic acid and he took morphine. They retired after having turned on the gas. Then he said his nerve failed him and he fled. Officers went to the Lake Shore House and found the woman dead.

It was subsequently learned that the right name of the man is Frank Stadlerman. The woman was Mrs. Emma Stabb. The couple came to Cleveland Monday night from Akron, where the woman's husband lives. The police are inclined to believe the story of the suicide as related by Stadlerman. He was locked up.

Heavy Car Service Charges.

CLEVELAND, March 4.—At the session of the interstate commerce commission, which is investigating charges of discrimination against the Car Service association, J. G. Simmons, a grain dealer, testified that on many occasions the charges for holding cars over time or for transfer and switching was greater than the regular freight rates. He knew that large grain companies often escaped without any additional charge for switching or holding cars over time. The commission then continued the hearing to April 13.

Conference Between Boutelle and Long.

WASHINGTON, March 4.—The conference between Secretary Long and Representative Boutelle, chairman of the house naval committee, proved to be in reference to the regular naval bill and had no connection with emergency measures. Mr. Long said that they had gone over the question of docks, equipments, etc., as provided in the regular bill.

Small Revolution in Venezuela.

WASHINGTON, March 4.—The state department has been informed that a small revolution has broken out at Valencia, about 200 miles from Caracas, capital of Venezuela.

To Abandon Klondike Expedition.

WASHINGTON, March 4.—The senate committee on military affairs has decided to recommend the passage of a joint resolution authorizing the abandonment of the government expedition for the relief of the miners in the Klondike, which was authorized Dec. 1. It was decided to sell the reindeer.

Greensburg to Have a Library.

GREENSBURG, Pa., March 4.—Andrew Carnegie offered to give this city a free library if it would agree to maintain it. This they have agreed to do. Mr. Carnegie was at once notified and a letter was received from him telling Greensburg representatives to confer with Messrs. Drew and Anderson in Pittsburgh regarding plans, etc.
